[City of Eugene Seeks New Members to Serve on Bicycle and Pedestrian Advisory Committee](#)

The City of Eugene seeks residents who are interested in serving on the Bicycle and Pedestrian Advisory Committee (BPAC). BPAC advises the City of Eugene staff, community organizations, and partner agencies on implementation of the Pedestrian and Bicycle Strategic Plan, represents community and constituent interests in transportation planning decisions, and provides feedback to staff on projects relating to walking and bicycling.

BPAC members will play a vital role in implementing the Pedestrian and Bicycle Master Plan which will shape the future of the pedestrian and bicycling system for the next 20 years and make Eugene an even greater city for walking and biking.

Recruitment is underway to fill seven vacancies for one or two year terms. Applicants must be residents in Eugene's Urban Growth Boundary willing to attend monthly meetings and read background materials provided by city staff. Additional meetings may be scheduled as needed.

Applications are available online via the City of Eugene website at: [www.eugene-or.gov/bpac](http://www.eugene-or.gov/bpac), e-mail at: [lee.shoemaker@ci.eugene.or.us](mailto:lee.shoemaker@ci.eugene.or.us), or by picking up an application at City of Eugene Engineering office, 99 E. Broadway, Suite 400, Eugene.

The deadline for submitting applications is **December 7, 2012**. New members will be appointed to serve beginning in January 2013.

For more information, contact Bicycle and Pedestrian Coordinator Lee Shoemaker at 682-5471 or [lee.shoemaker@ci.eugene.or.us](mailto:lee.shoemaker@ci.eugene.or.us).

Your donation will allow us to hold not only one, but two [Sunday Streets](#) events in 2013! That's right, Eugenians love their Sunday Streets, so we're crankin' it up a gear!

By giving to [Eugene Sunday Streets](#), you're helping more adults and children in our community utilize active transportation in a safe environment, maybe even trying human-powered transportation for the first time on a City street. [Eugene Sunday Streets](#) focuses on health, building community, and making people feel good. Your donation will help us continue to make people happy and healthy in 2013 and for many years to come.

[CLICK HERE TO DONATE TODAY](#)

BONUS: If you give \$35 or more, we'll send you a [Eugene Sunday Streets](#) or a limited edition [Eugene Bicyclist](#) t-shirt! This might make a great gift for someone on your list!

## **FEATURED NEWS**

### **Use Caution on the Riverbank Path System**

CAUTION: While biking on the Riverbank Path System this time of year, you may encounter areas flooded by the Willamette River. This can be a particular concern along the North Bank Path through Alton Baker Park from the DeFazio Bridge east to the shelters and the section of East Bank Path south of Beltline and north of the Owosso Bridge. Also, Amazon Creek flooding can occur on Fern Ridge Bike Path underpasses at both Chambers Street and Bertelsen Road. Please slow down and use caution in these areas or be prepared to take an alternate route during and immediately following periods of heavy rain.

### **Save Money on Your Commute: Salem/Corvallis to Eugene Vanpools Forming Now**

Valley VanPool has the solution to beat the high cost of long-distance commuting. Drive alone commuters from Salem or Corvallis to Eugene spend about \$450 - \$650 per month - just for gas, tires, and maintenance. By sharing the ride with other like-minded people in a Valley VanPool van, that same commute would cost just \$125 - \$160 per month (based on van size and ridership).

**Valley VanPool will hold an information session at Lane Transit District (3500 E. 17th Ave, Eugene), on Thursday, December 13th from 12:00pm - 1:00pm.** Commuters interested in vanpooling will have the opportunity to meet other people who live or work near them and have all of their questions answered. The goal of this meeting will be to form at least one new vanpool to start in January. Lunch will be provided. Seating is limited. Please call Tracy at 541-682-6183 to reserve your spot.

Valley VanPool currently supports 32 vanpools that serve over 300 commuters in the Willamette Valley. Commuters find that vanpooling allows them to relax, read, work, or even sleep, instead of fighting traffic. Other benefits include saving money on gas, maintenance, insurance, wear and tear on personal vehicles, and reducing harmful pollutants that threaten our environment.

Valley VanPool is a collaboration of Cascades West Rideshare (Albany), Cherriots Rideshare (Salem), and Point2point at Lane Transit District (Eugene). Current routes serve Albany/Corvallis, Eugene, Salem, Newport, Portland, Sheridan, and more. For more information on current routes, contact Valley VanPool at 877-Van-GoGo (877-826-4646) or visit [ValleyVanpool.Info](#).

### **Take the Survey: Make Cycling in Oregon Even Better!**

Travel Oregon, in partnership with bicycle and tourism partners throughout the state, is sponsoring a survey on the economic impact of bicycle related tourism to Oregon's economy. Information gathered from this survey will aid our understanding of the spending and travel patterns of bicycling visitors on Oregon's economy. The results will also help us distinguish bicycle related opportunities in Oregon.

As a traveler in Oregon during 2011 and/or 2012, your insight is pivotal to our success and will enable us to deliver a richer experience in the future. Please help us by providing information about your experience in Oregon, including times that included riding or attending a bicycle related event. The survey should take approximately 10 minutes. The answers you supply will be used for statistical purposes only and will be kept strictly confidential.

The link to the survey is provided below:

<http://www.zoomerang.com/Survey/WEB22GJ7L35WX6>

There is more [information here](#) if you would like to learn more about the survey.

### Regional Bike Parking Study

Know where a good spot is (or should be) to park your bike? Go to: [Interactive on-line Bike Parking Web Survey](#)

Between now and mid-December, Lane Transit District is hosting an on-line survey to collect public input on where bike parking currently is or needed in our region. As part of the [Regional Bike Parking Study](#), the information will help paint an accurate picture of existing and future regional bike parking supply and demand.

Don't delay with your insights. The survey closes on **Friday, December 14.**

### Why the study?

In the Eugene-Springfield urbanized area, bicycle commuting to work is at an all time high, accounting for 7% of travel mode choice. To accommodate today and tomorrow's bicyclists, ample, safe, secure, and inviting bicycle parking is needed throughout our region.

Lane Transit District's Point2point, our regional transportation options program, secured funding to understand short and long term bicycle parking supply and demand, concerns about existing facilities, potential new locations, best bicycle parking for transit stations, and potential development code changes.

### How do I stay updated?

It's simple. Just email [bikeitparkit@ltd.org](mailto:bikeitparkit@ltd.org) to receive updates throughout the study.

### What next?

Keep an eye out for these upcoming public input events:

- 2013 January: Virtual Design Workshop
- 2013 February: Community Open House

For more information please go to [point2pointsolutions@ltd.org](http://point2pointsolutions@ltd.org) and look under News Headlines, or contact Project Manager, Marcia Maffei, at [bikeitparkit@ltd.org](mailto:bikeitparkit@ltd.org) or 541-682-6206.

## **CONSTRUCTION UPDATES**

### Detour Routes Offer Options to Cyclists While 12<sup>th</sup> Alley is Closed

The alley connecting West 12th Avenue between Olive to Willamette streets has been closed while work proceeds with the Capstone housing project on the previous PeaceHealth clinic site.

Working with the City's Bicycle and Pedestrian Advisory Committee, City staff has identified several detour options for cyclists and pedestrians who travel through the area. A map showing the detour routes can be viewed at [www.eugene-or.gov/bicycles](http://www.eugene-or.gov/bicycles).

The closure is anticipated to last through the summer of 2013 as the new buildings and a new bicycle and pedestrian accessway are constructed. The existing public alley between Olive and Willamette streets had been heavily used by bicycles and pedestrians. The former West 12th Avenue right-of-way had an angled alignment and an uneven width. The redeveloped site will include a new, dedicated 20-foot-wide public accessway for bicycles and pedestrians located between Olive and Willamette streets.

The alley reconstruction benefits bicycles and pedestrians by providing a straighter alignment and enhanced crossings on Willamette and Olive streets. In addition, automobiles will be prohibited in the rededicated alley. To increase the safety and operation of the 12th Avenue

active transportation corridor, the developer will install new amenities on Olive and Willamette streets, including:

- a bicycle crossing island at the intersection of West 12th Avenue and Olive Street that prohibits left turns for automobiles; and
- a replacement crosswalk on Willamette Street that aligns the bicycle connection through the site with the existing bicycle way east of Willamette Street along with another crossing island.

The new right-of-way dedication and related public improvements were a condition of approval for development of the site. More information and images of the proposed accessway are available on the City's website at [www.eugene-or.gov/downtowncapstone](http://www.eugene-or.gov/downtowncapstone).

### Report a Pothole Program

It's easy to report a pothole to the Eugene Public Works Maintenance Division! There is even a handy online pothole reporting form available at [www.eugene-or.gov/pothole](http://www.eugene-or.gov/pothole)! The form will ask for some brief information about the pothole, including its location (if on the path, try to give as much location info as possible). There's also a place for you to provide your contact information. If you would prefer, you can call Public Works Maintenance at 541-682-4800 between 8 a.m. and 5 p.m. Monday through Friday and file the report over the phone.

If you'd like to follow up with the City after making a pothole request, just send an email to [pwmaintenance@ci.eugene.or.us](mailto:pwmaintenance@ci.eugene.or.us) with the word "pothole" in the subject line.

(Please remember that Eugene Public Works only repairs potholes on streets/paths in the city of Eugene. We will make a field inspection of every reported pothole within two business days. In many cases we will immediately fill the pothole; however, in some cases we may choose to wait to schedule an alternate treatment such as maintenance overlay. FMI: go to [www.eugene-or.gov/pothole](http://www.eugene-or.gov/pothole))
